WHOSEFVA is a two-year project co-funded by the European Commission under the Rights, Equality and Citizenship Programme, that was started in 2016 to support elderly women who are victims of abuse in six countries: Estonia, Austria, Finland, Greece, Latvia and the UK. This conference will bring together healthcare professionals, social workers, domestic violence support workers and policy makers to explore how elderly victims of violence can be best helped.

For more information, see our website: <http://whosefva-gbv.eu> or contact: Nikita Lumijõe at: nikita.lumijoe@ut.ee (Tel. +372 56 156 330). The personal ID is required in order to enter the parliament.
